
CONDITION OF LENINE WORSE

(By The Associated Press)
LONDON, March 28.—The condition of Lenin, the Russian premier, is again causing anxiety, says a dispatch to the "Times." It is reported that he lay for nearly a week motionless, during which time his temperature and pulse were almost normal. But on Monday change for the worse occurred. His temperature rose and his pulse became accelerated and breathing difficult.

Man of 60 Regains Vigor He Had at 35

New Orleans Resident Tells of Wonderful Result Produced by a Recent Scientific Discovery.

D. W. Wood, 60, of New Orleans, La., declares he has virtually been made young again by the recently discovered korex compound, which is pronounced superior to "gland treatments" as an invigorator and revitalizer. "It has brought me back to a healthy physical condition as I enjoyed at 35," he writes. "I am apparently as supple as at 25." Mr. Wood says he would not take \$5,000 for what the compound has done for him.

The compound is a simple home treatment in tablet form, absolutely harmless, yet the most powerful invigorator known. Acting directly on lower spinal nerve centers and certain blood vessels, it often produces amazing benefits in 24 to 36 hours. In nationwide tests, it has won the praises of thousands who suffered from nerve weakness, premature aging and lack of vital force. Physicians say it gives speedy satisfaction in cases that defy other treatments. Elderly people pronounce it a real "fountain of youth."

Knowing that this news may seem "too good to be true," the distributors invite any person needing the compound to take a \$2 double-strength treatment, enough for ordinary cases, and the understanding that it costs nothing if it fails. If you wish to try this guaranteed invigorator, write in strict confidence to the Melton Laboratories, 2279 Massachusetts Blvd., Kansas City, Mo. If you prefer you may enclose \$2, or simply send your name, without money, and pay the postman \$2 and postage on delivery. In either case, if you report after one week that the korex compound has not given you satisfaction, the laboratories will refund your money immediately. This offer is fully guaranteed, so nobody need hesitate about accepting it.

Mother-To-Be, Read This—

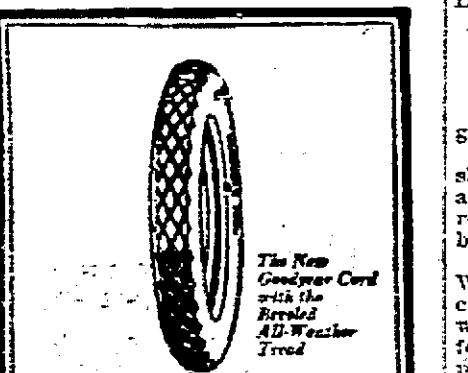

Here is a wonderful message to all expectant mothers. When the little one arrives, you can have that more than you have ever had before. An eminent physician, reported in this scientific journal, has shown the way. It is the result of the great research of "Mother's Friend," Dr. C. J. Hartman, Sr., of New York. "With my first child I had a doctor and a nurse, and I was very nervous. They had to use the instrument, but with my last child, I had only a nurse. I was not nervous, and I was not sick. I was not sick for ten or fifteen minutes."

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "laid up," "heavy." They "clear" clouded brain and "perk up" the spirits. 15c and 30c.

THE features of the new Good-year Cord Tire with the beveled All-Weather Tread are features of exclusive Goodyear design and construction—semi-flat, beveled tread, improved rubber compound, heavier sidewall and reinforced tread blocks. They result in more mileage, smoother-running and greater economy.

As Goodyear Service Station Dealers we sell and recommend Good-year tires. Back them up with standard Goodyear Service.

Gardner Motor Co. 1000-22nd St. N. W.

GOOD-YEAR

MISS BLACKWELL BRIDE OF MR. KING

A beautiful home wedding was solemnized yesterday afternoon at 2 o'clock at the home of Mrs. A. H. Blackwell, 112 Green street, when Miss Nettie Blackwell became the bride of J. F. King, both of Ruffin, N. C. The bride is the daughter of Mrs. C. C. Blackwell, of Ruffin. The wedding took place at the home of the bride's aunt.

The home had been beautifully decorated for the occasion. The color motif was green and white, there being interspersed in a background of green a profusion of Easter lilies. A striking altar with a background of palms had been arranged.

The celebrants were the Rev. J. T. Starnes, of North Carolina, pastor of the bride, and Dr. T. A. Smoot, pastor of Main street Methodist church. When the hour of the ceremony arrived Little Misses Margaret and Evelyn Blackwell, ribbon bearers, made an aisle to the altar. The bride entered on the arm of her brother, J. R. Blackwell, of South Boston, who gave her in marriage. Her maid of honor was Miss Malissa Blackwell, of this city. The groom had for his best man his brother, J. E. King, of Winston, North Carolina. Master Johnson King bore the ring in an Easter lily.

The bride was attired in a dark blue suit with gray accessories. She wore a dark blue tulle with a gray picture hat. She carried Killarney roses.

Before the ceremony Mrs. Mary W. Robertson sang, "At Dawning." Mrs. Benton Stacy accompanied her on the violin, with Miss Lily Voss at the piano.

The young people received many handsome gifts, which included beautiful pieces of silver and cut glass. Among the presents were two silver services.

After the ceremony Mr. and Mrs. King went to Chatham and automobile. There they caught train No. 36 for a trip to Northern cities.

On Tuesday night the bridal party was entertained at the home of Mrs. A. H. Blackwell and following this a rehearsal of the wedding was held.

LEGION HEAD WAS IN TOWN

W. B. Crush, state adjutant of the American Legion was a visitor in Danville yesterday and during his stay here he saw a great many members of the local post. He had a conference with the various officers of the post and a number of plans were formulated for the future development of the post. Mr. Crush formerly was connected with the 29th Division.

SEEKS \$20,000 FROM D. & W.

Memorandum of a suit for damages against the Danville and Western Railway company instituted by C. A. Maness, of Spray, N. C., has been filed in office of the clerk of the Corporation court. The amount sought in the action is \$20,000. The declaration setting forth the grounds of the suit has not yet been filed but it is learned that Maness, a coal and wood dealer at Spray, claims to have suffered permanent injuries as result of an accident which took place last March 27, at Spray. It is claimed that Maness was standing on a coal car which had been run onto a trestle when the car overturned, Maness being crushed by some of the coal in the spill. The case will be docketed for the June term of court.

MRS. W. H. FERRELL BURIED YESTERDAY

The funeral of Mrs. W. H. Ferrell who died early Monday morning at Staunton, was conducted at eleven o'clock Tuesday morning from the home of her cousin, Mrs. J. D. Murray, Mount Vernon avenue by Dr. T. A. Smoot, pastor of Main St. Methodist church. Interment was made in Green Hill cemetery.

Mrs. Ferrell, who suffered a nervous breakdown last August was taken to St. Albans Sanatorium, Radford, Va., where she was treated by skilled specialists, but having been in such a weak condition, would not yield to treatment. A few months later she was removed to Staunton.

Mrs. Ferrell was a devoted Christian, having been a member of the Methodist church since early childhood which she served faithfully.

She is survived by her husband, of this city, two sisters, Mrs. J. P. Harrison, of Blanch, N. C., and Mrs. J. W. Phipps, of Oxford, N. C. The pall bearers were W. T. Slade, Crispin Dickenson, David P. Garvin, Harry Jones, J. A. Miles, R. A. Travis and J. W. Cobb. The flower bearers were H. T. Brown, W. F. Fitch, F. M. Meeker, B. B. Carter, Walter Soule, R. S. Harrison, A. M. Turner, Frank James, W. S. Graves, Tom Burton, E. S. Burd, George Martin, J. C. Womack, J. E. Farrington and P. R. Hatcher.

CLEAN-UP IS URGED

Now that Spring has come let us get busy cleaning up the premises. All rubbish, tin cans, paper, etc., should be collected from alleys as well as from yards and vacant spaces into receptacles ready for the city garbage hauling force.

Don't wait for a special "Clean Up Week" get busy now. Let's make the city clean. It will look better and you will take more pride in it. Don't forget the stable and the stagnant pool. Fly and mosquito time will soon be here. Ninety per cent. of the flies come from the manure pile. Mosquitoes breed in any collection of still or sluggish water.

Each person doing his share will make Danville a cleaner, more attractive and healthier place in which to live.

R. W. Garnett, M. D., Health Officer.

BALLOON KILLS CHILD

(By The Associated Press)
BALTIMORE, Md., March 28.—Compressed air contained in a toy balloon today caused the death of three-year old Bernard Silverman.

While walking with her mother down a busy street, Bernard ran away from her. Catching up with him she slapped him on the face for disobeying her. The toy balloon which Bernard held in his mouth burst, the sudden force of air down his throat, according to physicians, caused death by strangulation.

NEGRO HITS HIS WIFE

Hosca Rice, Negro, was arrested last night on the charge of assaulting his wife, bounding her in the head. Both negroes are inmates at the Pittsylvania hotel and the attack took place in a room under the hotel. Rice was bonded in the sum of \$50 for appearance before Mayor Wooding today.

Stationery Store Has Novelties

BY MARIAN HALE
(Special to The Bee.)

REAL Spring flowers are, of course, the ideal decoration for the Easter table, but when they aren't available, or when they are limited in quantity, there are many ways of helping out the general effect with our old friend, crepe paper.

A daisy, tulip or jonquil table may easily come out of the stationery counter, lovely enough to make the greenhouse jealous.

A combination of jonquils and violets gives the unusual color combination of purple and yellow; daisies of jonquils the yellow and white sacred to Easter; or tulips the conventional pink tea effect.

The tablecloth may be any one of the fancy figured papers, fringed or fluted about the edge, or it may be the regular plain-toned paper with flowers from the figured variety casually applied over the surface.

Novelties Galore.

A floral centerpiece of one large flower, surrounded by smaller ones, with individual favor holders at each place, is one of the simplest arrangements. Naturally, the electric light shades and candle holders should be made to correspond.

Butterflies that come in cut-outs, as well as printed pictures, are most effective when used profusely on a table where real or artificial flowers in a low basket make the centerpiece.

For a children's table nothing is more in keeping with the occasion than the nest of colored Easter eggs with small candy eggs at each place and the procession of bunnies and chickens.

King Tut Again!

A novelty feature introduced this year at one store, where favors abound, is a King Tut table, where small dolls, stained a rich brown and wound and wrapped to look like Egyptian mummies, share the Easter spirit.

INVALID CAR IS READY FOR USE

A handsome motor vehicle known as an "invalid car" was delivered to Messrs. F. W. Townes and Son yesterday afternoon, this being a Cadillac limousine body so arranged as to permit the inclusion of a wheeled stretcher such as is used at hospitals. The machine also can be used as a funeral car by removing the front cushioned seats which has to be removed when the stretcher is included. The \$5,000 machine arrived here yesterday and was promptly turned over to Mr. Townes for local service.

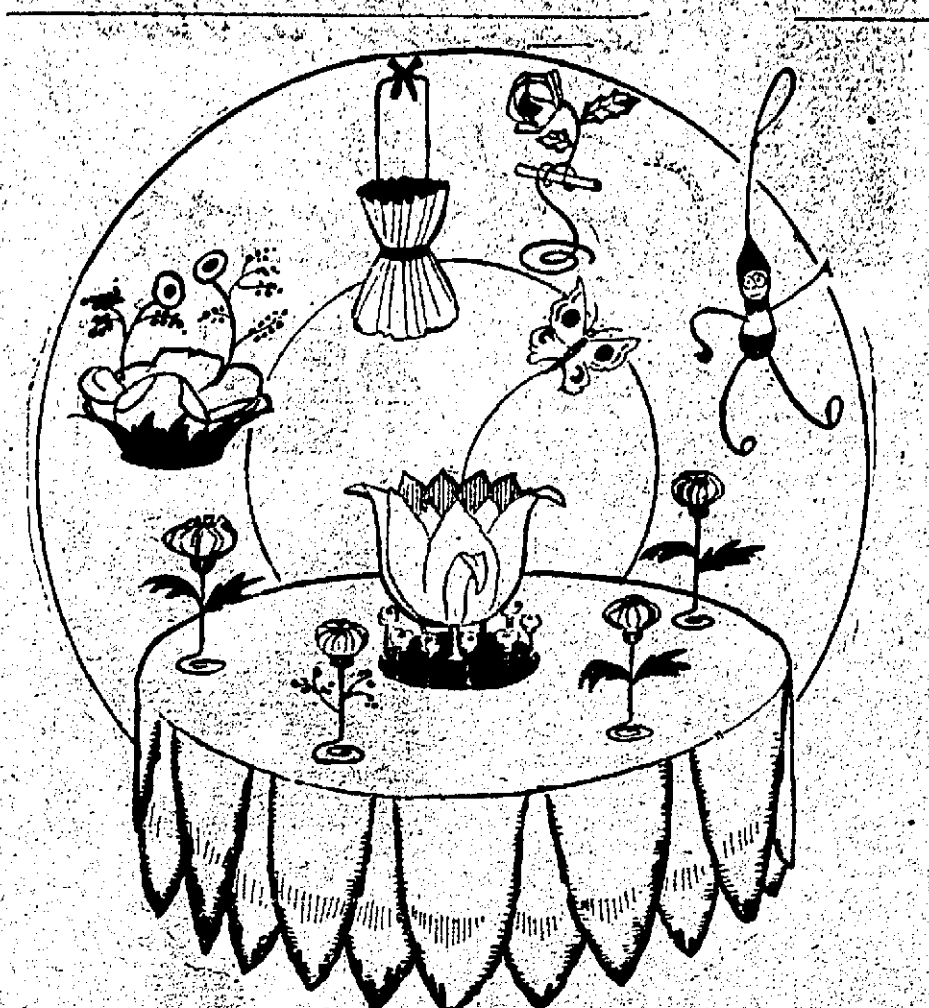

It will serve as an ambulance, though it will not be called that name. The car has nothing about its outward appearance different from the regular Cadillac limousine. The interior, however, includes several novelties the principal one being the stretched out wheels equipped with a pneumatic mattress and pillows providing maximum comfort for a patient being removed to or from a hospital. The car is generously bestowed with cushions, making passing over rough roads little felt by those within the car. The doors to the car are larger than those on regular models, making it possible to lift the patient on the wheeled stretcher into and out of the machine with ease.

CONSTRUCTIVE SESSION STATE ASSEMBLY TODAY

RICHMOND, Va., Mar. 28.—The constructive session of the Virginia General Assembly will be held tomorrow, when Speaker Brewer of the House of Delegates and Lieutenant Governor West, president of the Senate, will affix their signatures to the various measures passed at the recent extraordinary session. The session is purely perfunctory, the presiding officers being required to sign all bills and resolutions in the presence of members of the House and Senate. The enrolling clerks have practically completed the details connected with the preparation of the bills for signing and the constructive session probably will be brief. Only a few members of the Assembly are expected to be present.

HARIAN, KY., MARCH 28.—

Three men and one woman were killed in a battle between members of a federal posse and alleged moonshiners near Asher, Leslie County, Kentucky, early this morning.

PAPER TABLE DECORATIONS AND OTHER NOVELTIES FOR EASTER.

Cup forms of varying sizes and shapes may be purchased and trimmed with ruffles of crepe paper and paper flowers or in any way one pleases. Patterns for all flowers and cutouts of all possible types of rabbits and chickens are available.

Dolls of jolly-pops, with grotesque faces; corsage bouquets of colored candies arranged on lace paper, and peanut dolls with yarn hats and some novelties in favors.

COUPLE FROM BURLINGTON ARE ARRESTED HERE

A young couple from Burlington, who gave their names as Paul P. Powell and Catherine Powell, were arrested here Tuesday on information from Burlington, N. C., that they are wanted by the police of that place. They are alleged to have eloped and to have fled in a larceny case. The couple were turned over to Burlington authorities Tuesday night.

The local police, however, give little credence to the elopement charge and seem inclined to think it a frame-up against the "young woman." Her husband is said to be well known by local officers and was given a bad reputation yesterday.

The case is somewhat complicated. Paul Powell is said to be the brother of the girl's present husband. The couple are alleged to have eloped and come to Danville. Before leaving they are said to have stolen some clothing. The couple arrived here last Sunday but so far as known have not been married. The girl it seems has been staying in Schoolfield and the man in Danville. She produced a ticket from the Dan River Mills employment office to the police yesterday, showing that she had been employed by the mills and that she was due to go to work yesterday.

No details of the case were learned here. The officer who came after them did not go into the case and the couple did not make a statement.

ALLOCATION OF FOUND IN N. C.; NOT FINISHED

(By The Associated Press)
RICHMOND, Va., Mar. 28.—The allocation of \$3,000,000 in road funds occupied the attention of state highway commission at its session here today, but the task was not completed.

Chairman Henry G. Shirley said tonight the commission go over the allocations again tomorrow and finally approve the various awards.

Various delegations appeared before the commission this week seeking funds for projects which they have asked the commission to include in the state highway system. Chairman Shirley said tomorrow's session probably would be brief.

ANTI-KLAN MAN WINS

(By The Associated Press)
NEW ORLEANS, March 28.—On the face of virtually complete, but unofficial returns from yesterday's primary in twelve parishes comprising the fifth Supreme Court district to choose a candidate to fill a vacancy on the Supreme Court Bench, Judge H. P. Brunot of Baton Rouge, anti-Klan, Klux Klan candidate, received a majority of 575 votes over his two opponents, Judges Columbus Reid and Robert S. Ellis, both of Amite, supported by the Klan.

SCOUTS ARE VICTORIOUS

The First Baptist-Scouts baseball team defeated a team from Gray street yesterday afternoon at Stonewall Jackson park by the score of 21 to 12.

The Dorothea Henry chapter, D. A. R., will hold a short business meeting Thursday afternoon at four o'clock at the home of the regent, Mrs. W. T. Hughes. Members are urged to be prompt.

DR. BELL'S Pine-Tar Honey

Quickest Coughing—Cheats Colds

The most stubborn, throat-rasping coughs cannot survive a few doses of Dr. Bell's—that good old-time remedy. There is ease and relief in the very first teaspoonful of this soothing pine-tar-honey compound. Dr. Bell's has the rare power to loosen the chest, stop the cough. Pleasant to take! 20c. All druggists.

Refuse substitutes PINE-TAR HONEY! Insist on DR. BELL'S.

LIONS GATHER AT BURTON WED'DAY

The Lions Club held an enthusiastic meeting yesterday when the members assembled for the fortnightly luncheon. There were a number of visitors and an excellent program had been prepared by Jesse Benton, fresh. A luncheon of decided merit was first ruminated upon—carefully considered one might say—when this had been successfully begun a number of matters were introduced as side issues.

There was a negro quartet that was chock-full of harmonies, and which seemed anxious to unload, and this process was thoroughly enjoyed by the Lions. Dr. Hall told of his experiences at Richmond where he went as a representative of the club before legislative committees in regard to the tax bill. His talk left no doubt that his presence had been indispensable in the successful outcome of the matter. He, however, omitted any mention of his breakfast at a Richmond hotel at the expense of the Danville Lions.

Dr. P. W. Miles reported to the club the progress that had been made toward the establishment of a fresh air farm. He stated that a suitable tract of land had been secured in Caswell county, N. C., adjoining the plantation of A. B. Starling, the site including an old mill site, which insures plenty of water. Dr. Miles said that other civic bodies, including Rotary, Kiwanis, Y. M. C. A., Community Service and Y. W. C. A., have agreed to join in the project, each organization to support the plan on a pro rata basis. The Lions Club committee, headed by Dr. Miles, was given full power to carry the project forward in order that the fresh air farm may be in operation before the end of the present Spring.

Mr. C. W. Richmond, State adjutant of the American Legion, was a visitor and made a short talk.

MORRIS SHAFROTH FAVOR'D BY BRYAN

(By The Associated Press)
DENVER, Colo., March 28.—Appointment of Morris Shafroth of Denver, as United States Senator from Colorado to fill the vacancy in the Senate left by the death of Samuel D. Nicholson, is favored by William J. Bryan, according to a telegram by Mr. Shafroth today from Mr. Bryan. The telegram follows:

"Have just learned that you are a possible candidate for appointment to the United States Senate. You are my first choice; Williams my second. Williams is Wayne C. Williams, Denver attorney."

Shafroth is the son of former United States Senator John Shafroth of Colorado.

Mr. Bryan is the third nationally known Democratic leader to offer a suggestion for the appointment.

Previously, former President Wilson, and former director of Railroads William G. McAdoe, sent telegrams to Governor Sweet, the former urging appointment of Houston Thompson, a member of the Federal Trade Commission, while Mr. McAdoe favored the appointment of Mr. Shafroth.

FIVE JURORS SELECTED.

(By The Associated Press)
PALATKA, Fla., Mar. 28.—Five jurors had been selected tentatively in the trial of nine men, alleged to have been members of a mob that stormed the Putnam county jail here early March 2, when Circuit Court adjourned late today. The special venire of 75 was examined and another of 35 has been summoned for tomorrow morning. All the defendants pleaded not guilty. One of the principal questions asked prospective jurors by the prosecution is whether they believe there is ever sufficient provocation for visiting summary punishment on a prisoner.

Improvement Amazes Pack, Who Gains 40Lbs.

Kenova Foreman Declares Tanlac Ended Three Years of Suffering From Stomach Trouble, Restoring Weight, Strength and Vigor

"I have never seen such an improvement in anybody as Tanlac has made in me. It knocked my troubles stem-winding and sent me up forty pounds in weight," states Eascom Pack, of Kenova, Pa., "back foreman for the C. & O. in the yards at Huntington. For three years I suffered so with stomach trouble and loss of appetite that I could hardly eat enough to keep going. Bloating and griping pains almost took the life out of me and I lost losing weight and getting worse in spite of all I could do. Why my troubles were treating me so rough that I was frequently losing a week at a time from my work."

"Well, sir, the Tanlac treatment straightened me right out, and although two years have passed since I took it I haven't lost a day on account of sickness or felt the need of a medicine. I weigh more now than I ever did before, and feel fine in every way."

Tanlac is for sale by all good druggists. Over 35 million bottles sold.

REMEMBER—Name and Number. Be Sure You Are Right.

114 CRAGHEAD STREET.

Virginia Farmer Most Efficient

**Production Per Acre More
in State Than in Most of
the Southland—Livestock
Results Fine.**

BLACKSBURG, March 29.—Virginia farmers do not work as many acres as the farmers in some other States but it is very gratifying to note that they produce more per acre of our leading crops than the farmers in most of the other Southern States.

Statistics for 1922 show that Virginia farmers produced an average yield of 28 bushels of corn per acre. Kentucky was the only other Southern State that reached this yield, and the average for the Southern States was 18.8 bushels per acre, which is nearly 10 bushels less.

North Carolina farmers produced 20 bushels per acre. Virginia farmers produced an average of 12.5 bushels of wheat in 1922, which is higher than any other Southern State, except Arkansas and Arkansas produces very little wheat. The average for all Southern States was 9.6 bushels per acre.

The average yield of sweet potatoes in Virginia was 135 bushels per acre. The next highest Southern State was North Carolina, with a yield of 113 bushels per acre, and the average yield for the whole South was 94.8 bushels. The showing in the yield of Irish potatoes is equally gratifying. The average yield per acre in Virginia was 107 bushels. The next highest Southern State was 100 bushels and the average for the South was 85.2 bushels. In this connection it may be said that Virginia "produces practically four times as many Irish potatoes as any other Southern State."

In livestock the showing is equally gratifying. The average yield of hogs in Virginia is \$10.50 per head. The average value for the South is \$9.02. The average value of sheep per head in Virginia is \$7.00. The average for the South is \$5.39. Kentucky comes next to Virginia with an average value of \$7.00 per head.

The fact that Virginia leads most of the Southern States in yields per acre of its main crops and value per acre of livestock should be encouraging, but we should not be satisfied with this showing as Virginia's average is still far too low. In order to meet competition from other states we must cut production costs and we can do this by getting better livestock and making higher yields per acre of our crops.

favorable. The average value per head of dairy cattle in Virginia is \$42.50. The average for the South is \$32.75. The average value per head of all other cattle in Virginia is \$27.50 and the average value for the South is \$16.00. Kentucky stands next to Virginia with an average value of \$22.80.

The average value of hogs in Virginia is \$10.50 per head. The average value for the South is \$9.02. The average value of sheep per head in Virginia is \$7.00. The average for the South is \$5.39. Kentucky comes next to Virginia with an average value of \$7.00 per head.

The fact that Virginia leads most of the Southern States in yields per acre of its main crops and value per acre of livestock should be encouraging, but we should not be satisfied with this showing as Virginia's average is still far too low. In order to meet competition from other states we must cut production costs and we can do this by getting better livestock and making higher yields per acre of our crops.

Delivery House In Danville To Stay Open Longer

While tomorrow was the date set for the closing of the delivery warehouse of the Co-Operative Marketing association, E. N. Williams, local warehouse manager, announced today that Producers warehouse would be kept open for several days longer—possibly a week in order to give a final opportunity to growers to bring in their final lots of tobacco. This time extension was granted owing to the fact that some farmers have had misfortunes in their homes and by reason of illness have been unable to bring in their tobacco. Williams declares that he has been light during the past few days some lots of leaf have been received every day and a week ago the amount of tobacco brought in surprised attaches of the warehouse where the leaf is graded.

The Danville Tobacco association will hold its annual meeting on April 5th, the second Monday in that month being the customary date of this meeting.

Paraguay Rebels Battle Regulars

(By The Associated Press.)
BUENOS AIRES, March 28.—Fifteen persons were killed and 20 wounded in fighting between government forces and rebels in the town of Villarica, Paraguay, when government troops forced the rebels to evacuate the town, according to a despatch to "La Nacion" from Asuncion.

FRECKLES

March Worst Month for This Trouble
How to Remove Easily

There's a reason why nearly everybody freckles in March, but happily there is also a remedy for these ugly blemishes, and no one need stay freckled.

Simply get an ounce of Othine—double strength, from your druggist and apply a little of it night and morning, and in a few days you should see that even the worst freckles have begun to disappear, while the light ones have vanished entirely. Now is the time to rid yourself of freckles, for it not removed now they may stay all summer, and spoil an otherwise beautiful complexion. Your money back if Othine fails—adv.

"My Adventures In Hollywood"

BY VIRGINIA BRADFORD
(Special to The Bee.)

HOLLYWOOD, March 29.—If I had taken a month to land my first day's work in the movies, Wage \$5. My second pay check was for \$3, from the Century studio where I was given a "bit" as a Spanish dancer in a picture then called "The Signora," featuring Baby Peggy.

Here on another day I had one of these experiences which puzzle the beginner in motion pictures with only intuition to guide her.

A man who seemed of considerable importance called me over and said, "I like your face. I want to have a good look at you. Can you come back this afternoon?"

I was nervous and scared when at the appointed hour he asked me to remove my hat.

"Glad to see one girl who hasn't bobbed hair," he opened, then felt my waist and commented on height and features. "Now let's see your legs," quite bluntly. With every instinctive caution alert, I lifted my skirts a few inches. "All right," he said, "they'll do."

There had been nothing at which I could take offense. It had all been very businesslike and in the professional manner of an artist inspecting a prospective model. I accepted the incident at its surface value, probably a part of the routine in breaking into pictures. I had complied reluctantly. I was never called back.

Only one other time was I asked to make a similar display. To see if I'd make a good page-boy type.

This second man, connected with a casting agency and sometimes directing the "extras," he supplies, asked me, "How'd you like to be a leading lady?"

"I'm going to be," I retorted perky. "Who's going to make you one?"

Who's going to be your friend and take an interest in getting you ahead?"

"Well, I suppose people will just begin to notice me, and someone will give me a trial."

WELL, I suppose people will just begin to notice me, and someone will give me a trial."

WELL, I suppose people will just begin to notice me, and someone will give me a trial."

WELL, I suppose people will just begin to notice me, and someone will give me a trial."

WELL, I suppose people will just begin to notice me, and someone will give me a trial."

WELL, I suppose people will just begin to notice me, and someone will give me a trial."

WELL, I suppose people will just begin to notice me, and someone will give me a trial."

WELL, I suppose people will just begin to notice me, and someone will give me a trial."

WELL, I suppose people will just begin to notice me, and someone will give me a trial."

WELL, I suppose people will just begin to notice me, and someone will give me a trial."

WELL, I suppose people will just begin to notice me, and someone will give me a trial."

WELL, I suppose people will just begin to notice me, and someone will give me a trial."

WELL, I suppose people will just begin to notice me, and someone will give me a trial."

WELL, I suppose people will just begin to notice me, and someone will give me a trial."

WELL, I suppose people will just begin to notice me, and someone will give me a trial."

WELL, I suppose people will just begin to notice me, and someone will give me a trial."

WELL, I suppose people will just begin to notice me, and someone will give me a trial."

WELL, I suppose people will just begin to notice me, and someone will give me a trial."

WELL, I suppose people will just begin to notice me, and someone will give me a trial."

WELL, I suppose people will just begin to notice me, and someone will give me a trial."

WELL, I suppose people will just begin to notice me, and someone will give me a trial."

WELL, I suppose people will just begin to notice me, and someone will give me a trial."

WELL, I suppose people will just begin to notice me, and someone will give me a trial."

WELL, I suppose people will just begin to notice me, and someone will give me a trial."

"YOU KNOW WE'RE ALL HUMANS."

"Yes, but who is going to put you about the price a girl has to pay to get on in pictures?"

"No, that's not so—but you know we're all human."

"These pictures, I find, seldom if ever come from anyone of real consequence in the movies. There is, however, a string of subordinates and hangers-on who appear ready to prey on gullible girls by pretending a power they don't possess."

TOMORROW: Miss Bradford relates Mary Pickford's advice to beginners.

Adjustments In Fees To Attorneys

(By The Associated Press.)
RALEIGH, March 29.—Adjustments will be made in fees to be paid by State to attorneys representing North Carolina in the recent railway tax litigation in the United States court. Governor Morrison is quoted as saying today.

GRAIG SENTS BILL
FOR \$10,000, GETS \$2,000
(By The Associated Press.)
ASHEVILLE, N. C., March 29.—Former Governor Lock Craig, who served with excellent record for the state of North Carolina in the railway tax litigation, said today he had sent a bill to Governor Morrison for \$10,000 as his attorney fee, of this \$2,000 has been paid, the former governor today leaving a balance of \$8,000. However, a note accompanying the statement, Mr. Craig said informing the governor that Mr. Craig would be willing to leave the amount of fee to the governor.

DAUGHERTY MARRIED
West Virginia Girl
MARTINSBURG, W. Va., Mar. 28.—D. M. Daugherty, only son of Attorney-General Harry Daugherty, mentioned in press dispatches today as one of the rivals of John Kearsley Mitchell, who confessed to paying Dorothy Keenan King, slain New York model, attentions, is the husband of the former Miss Leah Bowers, daughter of former Representative George M. Bowers, this city.

Mr. and Mrs. Daugherty spent several weeks here recently as guests in the home of Mrs. Daugherty's parents. Mrs. Daugherty is at present in New York, inquiring of the Bowers home today disclosed, where it was also indicated that the friendship between the murdered woman and Mrs. Daugherty was not secret.

A report that Mr. and Mrs. Daugherty had been divorced was summarily denied by a sister of Mrs. Daugherty. Mrs. Daugherty has made her home in Washington for several years.

A report that Mr. and Mrs. Daugherty had been divorced was summarily denied by a sister of Mrs. Daugherty. Mrs. Daugherty has made her home in Washington for several years.

84 Russians Are
Sentenced To Die

(By The Associated Press.)
MOSCOW, March 28.—The revolutionary tribunal at Kamenetz-Podolsk, in the Volhynia district, has sentenced to death a group of 84 persons, chief of whom were members of the intelligentsia, convinced of assisting the anti-Bolshevik commander, Petlura, by armed attacks on the red forces.

REAL ESTATE AND BUILDING

Spiffy Raiment Of London Beau Calls For Cash

LONDON, Mar. 28.—Clothes may not make the man, but in London they very easily "break" him. Those dashing young chappies who stroll about in the fashionable London hotels and clubs and grace the theatre, the cabaret or the dinner-dance at night, need money—a powerful lot of it—to achieve and maintain the sartorial elegance for which they are noted. They are gorgeously arrayed but the amount they spend for their habiliments would, if lumped together, come precious close to liquidating the British national debt.

Take the word of an expert for it, the man who wishes to be considered really smart and up-to-date in his clothes spends \$2,000 to \$2,500 a year. The expert in question is Dennis Bradley, member of an old Bond Street firm whose clientele is composed chiefly of the blithe young spirits whose chief aim in life, apparently, is to drain themselves in raiment that would make a contemporary Solomon look like he had been turned out of a ragbag. Here is a list of what Bradley says the really snappy dresser in London requires and what it costs him to acquire it:

Six lounge suits at \$70 each.
Dress suit, \$100.
Dinner suit, \$80.
Six white waistcoats at \$12.50 each.
Four overcoats at \$50 each.
Riding suit, \$30.
Golf suit, \$60.
Morning suit, \$80.
Two extra pairs of trousers, \$45 each.
Three silk hats, \$15 each.
Three felt or derby hats, \$10 each.
Boots and shoes, \$200.
Two dozen day shirts, \$15 each.
Two dozen evening shirts at \$10

each.
Silk collars, \$1.25 each.
Silk neckties, \$2.50 each.
Silk vests and pants, \$35.
Six suits silk pajamas, \$40 each.
Four dozen pairs of gloves, \$3.50 each.
Two dozen pairs silk socks, \$5 each.
Four pairs ordinary socks, \$1.50 each.

Of course, the young man about town who sincerely desires to economize might get along with perhaps only three suits of silk pajamas, providing he has a fast-working laundry, or he might cut out wearing ordinary socks and thereby save at least \$6 per year. He might even get along on three dozen pairs of gloves and thereby lop more than \$40 off his annual haberdasher's bill. But he would be taking a big chance that some other "Johnny" would outstrip him in sartorial reputation and social prestige. The risk would almost be too great to justify the economy.

Bradley injects a note of tragedy by pointing out that even so lavish an expenditure is not always a warranty that the spender will be well dressed. "It must, of course, be remembered," says Bradley, "that there are some men who will spend \$20,000 a year."

Either way, it's a tough life for the would-be Beau Brummel—eh, what!

HEIRESS WEDS CARTOONIST IN PASADENA, CAL.

(By The Associated Press)
PASADENA, Calif., March 28.—Miss Delora Angell, heiress to the \$40,000,000 estate of John W. Gates, became the bride today of Lester Noris, a young cartoonist and son of a furniture dealer at St. Charles, Illinois.

The ceremony was held in the Angell residence in the Altadena section here.

"RECTANGULAR" HOME—\$8060

CURTIS SERVICE BUREAU, CLINTON, LA., PLANNED THIS BUILDING ALONG RECTANGULAR LINES.

The home pictured here is an example of modern small-house building at its best. It has all the elements of economical construction and the quality of excellent appearance. There are seven large rooms with an abundance of closets and built-in features. Yet it is not too large to be placed on an ordinary city lot, leaving room for a driveway to the garage.

The layout of rooms is rectangular, an arrangement of which Charles B. White, Jr., a leading architect of the country, has said: "Rectangular houses permit a better arrangement of rooms than square houses."

Sheltered Hall. The stair hall is sheltered by a vestibule, containing a coat closet. The living room occupies one side of the house, with windows on three sides and a fireplace in the center of the long outside wall. Under the window which overlooks the rear garden is a built-in window seat, with bookcases in the corners at each side.

At the front of the other side of the hall is the light, cheerful dining room. A pair of corner china closets give it a quaint charm, and a fireplace across one corner adds to its hospitable air. The fourth corner is also across by the kitchen door, giving the room an unusual and pleasing shape.

Kitchen Aids. In the kitchen there are numerous built-in conveniences. A separate rear entry with a window in it is provided for the refrigerator. From this entry the basement steps are accessible, so that laundry and dishes may be taken out of doors without intrusion into a spotless kitchen.

Each of the four bedrooms upstairs has a corner location, with windows on two sides. Each has a clothes closet, and one has also a built-in linen closet. Never the bath-room there is a linen closet built-in.

NEXT SUNDAY: An English bungalow designed by Curtis Service Bureau, Clinton, La.

STOLEN CAR IS FOUND IN N. C. YOUTH IS HELD

The Ford roadster of M. E. Richardson, which was stolen several nights ago from its parked position on Girard street, has been recovered in Roxboro, and Lloyd Boyd, a youth is seventeen years old, is in the local jail, charged with the theft. Sergeant H. T. Haraway and Patrolman

L. O. Belton went to North Carolina yesterday, returning with their prisoner late in the afternoon. Boyd denies that he stole the machine, contending that he purchased it from a man by the name of Burton.

The local police were notified early yesterday that the machine had been recovered in Roxboro is possession of the youth. The arrest was the result of notices of the stolen car being sent out to various cities. Officers went for the boy and the car was identified as the machine in question.

Sanitary Plumbing For the Home

Big Demand For Tanker Facilities In Oil Business

NEW YORK, March 25.—Tankers carrying oil from California to Mexico to keep the refinery of the Alguila Oil Company busy, instead of carrying Mexican oil to the United States to keep American refineries busy, was the case six months ago.

So great is the demand for tanker facilities that it has been necessary to shut in production totaling 2,000 barrels a day in the Long Beach field.

With proper facilities California could produce 750,000 barrels of oil daily according to the California Petroleum Bureau today.

The recent drop in California production has not been due to falling oil in wells but because of the failure of tankers to arrive and the gain in the last week really has been 15,000 barrels in the last week. More than 2,000 producing wells are shut in.

Domestic production at New High Mark.

Domestic production is at a new high record in other than the California petroleum areas and the daily average now is running 20 per cent. above that of 1922. Imports which came largely from Mexico have fallen off 26 per cent. from last year's average.

Consumption is running 18 per cent. above the 1922 average.

Domestic production and imports are now practical to domestic consumption and while stocks of crude oil in volume are 25 per cent. larger than a year ago, when measured by the number of days' supply at current consumption they are only five per cent. greater.

Prospects for Industry Bright.

All of these factors indicate a prosperous year for the oil industry. Gasoline prices are approximately ten cents above the 1922 low. Pennsylvania crude is 37 per cent. above last year's low and Mid-Continent crude has had an advance of 41 per cent.

There is every prospect of a record-breaking demand this year, consumption being estimated at 15 per cent. higher than in 1922 and the prices of gasoline will have risen seven times in as many weeks.

Consumption must advance more rapidly than sales unless prices are to go higher. Experts have not hesitated to place the prospective profits of holders of oil stocks at \$150,000,000.

New Colorado Operations.

The Union Oil Company of California has acquired 12,000 acres near Fort Collins, Colorado, and will commence drilling immediately in an effort to bring in a new field in that State. The new district is about 200 miles south of Teapot Dome field of Wyoming. The Union Company controls leases covering the entire oil structure of the district.

Sugar Prices Called Unwarranted.

Although the index chart of the United States chairman of commerce shows foods have advanced in price less than many other commodities, said Francis E. Kneier, President of the National Retail Grocers Association today, the increase has been more keenly felt than in any other line.

The advance in sugar is entirely unwarranted, he added.

First speculators boosted prices and then large consumers became panicky and overbought their requirements. Lastly there is a large amount of hoarding.

Two more sugar centrals in Cuba have finished their crops and it is expected that fifteen more will close within the next fortnight. At least four centrals have closed with production well under preliminary estimates of production.

Latest statistics of production in Cuban newspapers and exports continue to indicate a decrease of over \$50,000,000 compared with early season predictions.

Southern Mills Raise Wages.

Southern cotton mills in widely scattered sections are continuing their voluntary wage increases in which lost cases averaged about ten per cent. Work will be begun at once to transfer spinning machines from northern plants of the Pacific Mills to its new South Carolina plant. Incursions of northern mills into areas where they are close to the source of raw materials and where labor conditions are favorable are growing more numerous and are now a decided factor in the textile situation.

Morris and Co. Acquitted By Armour and Co.

CHICAGO, Mar. 25.—The acquisition of the Morris and Company packing interests by Armour and Company, through a subsidiary, has been completed, according to an announcement tonight by J. Ogden Armour, chairman of the board of Armour and Company. The North American Provision Company, subsidiary of Armour and Company of Delaware, was named as the firm acquiring Morris and Company's business.

Regarding the protest against the purchase made by Secretary of Agriculture Wallace, Mr. Armour's statement declared that "if that results in a hearing or court procedure, we will gladly co-operate with the government in assuring the presentation of all in-

formation and data necessary for a proper and final adjudication."

Circumstances supported by business judgment and sound common sense, endorses the wisdom of the purchase of the Morris assets and eminent counsel have given assurances of its legality, the statement continued. Attention was called to a report to Congress by Secretary Wallace to the effect that the combined Armour and Morris business would total only about 15 per cent. of the trade in meat foods and only about 25 per cent. of the business done by packers under federal supervision.

Secretary Wallace had admitted, the statement said, that the purchase was not in violation of the packer and stockyard act.

Combining the business, the statement continued, will save millions of dollars in administrative and operating costs through elimination of duplication of operating units. The working machinery will be made to mesh, the statement said, and added that the bulk of Morris volume would

be held. The buying and selling organizations of both concerns will be retained, it was said.

Payment will be made to Morris and Company approximately as follows: \$2,750,000 in cash; \$5,000,000 par value preferred stock of Armour and Company of Delaware; \$9,000,000 par value preferred stock of Armour and Company of Illinois; \$10,700,000 par value common (Class A) stock of Armour and Company of Illinois.

To facilitate the transaction and furnish additional working capital, an additional \$10,000,000 of the first 5 per cent. bonds of Armour and Company of Delaware, will be placed through Morris interests. It being agreed that neither these bonds nor the \$5,000,000 of Delaware stock are to go on the market for at least a year.

The North American Provision Co. will be capitalized at \$10,000,000 of seven per cent. cumulative preferred stock and \$30,000,000 of common stock, all owned by the Delaware Company except about \$800,000 of the

preferred stock, will be issued to acquire a like amount of the preferred stock of Armour and Company as a part of the purchase price. The Morris and Company funded debt will be assumed by the North American Provision Company.

The recent financing through Armour and Company of Delaware was resorted to as an effort to make the company more of a public institution in point of ownership.

Mr. Armour also announced the company's intention of adding to its directorate business men not previously identified with the packing interests and financiers representing the investing public which he said had recently purchased Armour securities totaling \$110,000,000.

Armour and Company now own and operate 16 packing plants in various parts of the country and operate 332 branch houses for distribution of its products, while Morris and Company own and operate seven packing houses and 140 branch houses. Armour's sales for 1922 were \$500,000,000 and

those of Morris \$250,000,000. The combinations represent a combined capital of approximately \$500,000,000, while the aggregate number of employees is about 65,000.

HART DENIES CHARGE

(By The Associated Press.)

LOS ANGELES, Calif., March 25.—Denial of paternity of any child other than the son of Mrs. Winifred Westover Hart and denial of any trust or provision for support of any child other than this, the son of his present wife, was made today by William S. Hart, in a statement he made public through an attorney.

Hart's statement said: "It has been my policy to refuse to answer all the attacks made upon me by Mrs. Hart through the public press or otherwise. Nor would I speak nor except to protect absolutely the interests of my only son. All this stuff which is printed in today's papers is false."

W. G. SLAYTON DIES

The death occurred today at noon of W. G. Slayton at his home on Washington street. He was in his 79th year and was paralyzed about two months ago. His health has been declining since, and the end was not unexpected. The funeral will be held from his residence today at 3 p. m., conducted by the Rev. J. C. D. Parker. Interment will be made in Leement cemetery.

REFINING PLANT DAMAGED

(By The Associated Press.)

NEW ORLEANS, March 25.—The refining plant of the Sinclair Oil Co. at Metairie, about eight miles south of New Orleans, was today badly damaged by fire today. At least four oil tanks were destroyed. The loss was placed at about one million dollars at a time when the flames were still raging though believed to be controlled.

ALL WE WANT IS ONE DOLLAR

GET THE CLOTHING YOU LIKE

There is no red tape attached to opening an account here. Worthy, ambitious people, WITHOUT EXCEPTION, are invited to use our credit plan. We do not charge interest. Compare our prices—our terms. You'll find it convenient, dignified, economical.

EASTER CLOTHING--ON CREDIT

An Aristocratic Showing of Beautiful Women's Dresses

Happy Easter frocks, highly pleasing in style—excellent in material—novel in trim. Frocks that will win the heart of the merry Miss as well as the dignified Matron. Taffetas with the oddly puffed skirt that gives the appearance of tiers or ruffles—little puff sleeves. Canton Crepes—wide swirling skirts. Canton Crepe also find expression in beaded creations of beauty, and there are Point Twill frocks in the showing, too.

FRENCH BEGIN TO TAKE OVER HUN RAILWAYS

(By The Associated Press.)
DUESSELDORF, March 25.—The French authorities today began taking over the Prussian state owned vineyards along the Moselle River, according to the "Deutsche Rheinische Volkszeitung." The paper says the seizure includes vineyards, buildings wine cellars and bottled wines. There are thousands of acres of vineyards owned by the government along the Moselle where it runs into the Rhine.

The town of Mettmann, near Elberfeld, was surrounded today by French troops and tanks. The French demanded that the Mettmann officials give the names of all Germans responsible for the shooting and wounding of a French major in the foot several days ago.

Traffic to Mettmann has been entirely cut off. The interurban lines, cars running between Dueseldorf and Elberfeld are stopped at the outskirts and the Mettmann passengers are obliged to walk across the town.

FIVE AIRPLANES ARRIVE AT HAVANA

(By The Associated Press.)
HAVANA, March 25.—Five of the six United States army airplanes which recently made a test flight from San Antonio, Texas, to San Juan, Porto Rico, and are returning to the United States, arrived here this afternoon from Guantanamo; the American naval base in southern Cuba.

The sixth plane, carrying the official photographer of the party, stopped either at Camaguey or Santa Clara for fuel and oil. This plane is expected to arrive tomorrow.

Leaving Guantanamo about 5 o'clock this morning, the aviators headed directly for Havana. Near Santa Clara they lost sight of the photographer's plane which does not usually fly in formation with the others. The five planes made the 572 miles from Guantanamo without a stop.

The planes are expected to make a start from Havana Thursday morning for Miami and from there will proceed by comparatively short flights to Langley Field, Va.

Graceful New Women's

Coats

This will be a fast and furious selling event of vast importance—embracing new, crisp garments bought at price concessions. EDWARD A. FARLEY

322 MAIN ST. OPPOSITE BIJOU THEATRE

LIVING STOCK EATS HIS FORD

BY HARRY SPENCER
DODD CITY, Ark., Mar. 28.—Chalk up one for Henry Ford. Another one has been found for his chief product. When your flivver wears out, feed it to the livestock. That is the advice of John Quigley, a saw mill owner and lumber dealer of Dodd City. Mr. Quigley knows where he speaks because he fed a touring car to a head of goats and range cattle. Mr. Quigley drove out to his timber tract near here and left his car parked in the woods for several hours while he walked about. When he got back his flivver resembled a had-pick-ed goose. The range steers and goats were devouring the last morsel of the upholstery. Mr. Quigley arrived with a big goat standing on the hood taking big chunks of the top. He had finished two-thirds of his meal.

Why Stay Fat? You Can Reduce

The answer of most fat people is that it is too hard, too troublesome and too dangerous to force the weight down. Marmola Prescription Tablets overcome all these objections. They are absolutely harmless, contain no dieting or exercise, and have the added advantage of cheapness. A case is sold at one dollar by all druggists the world over for sending the price direct to the Marmola Co., 4612 Woodward Ave., Detroit, Mich. Now that you know this, you have no excuse for being fat, but can reduce steadily and easily without going through long stages of tiresome exercise and starvation diet or fear of bad effects.—adv.

WEAK EYES? TRY THIS SIMPLE MIXTURE

People with weak, aching eyes should try simple camphor, hydra-zine, witchhazel, etc., mixed in Lavoptik eye-wash. They will be surprised at the QUICK results. One man with weak, near-sighted eyes reports that a few days greatly improved vision. Another case of weak and aching eyes was helped by the first treatment. One small bottle Lavoptik usually helps ANY CASE weak, strained or inflamed eyes. J. C. McFall's Drug Store, 108 N. Union St.

For Pimples Skin Peterson's Ointment

"All pimples are inflammation of the skin," says Peterson, "and the best and quickest way to get rid of them is to use Peterson's Ointment. Used by millions for eczema, skin and scalp itch, ulcers, sore feet and piles." All druggists, 50c, 60c, \$1.00, \$2.50, \$5.00.—adv.

Rheumatic Agony NOW EASILY ENDED.

Says Mr. James H. Allen of Rochester, N. Y.

It does not matter to me whether you are disabled with rheumatism or have only occasional twinges. I know that Allenru, my own discovery, will stop the agony, do away with the gnawing pains and reduce the swollen joints.

Deposits that have become deeply imbedded in joints and muscles, and quickly drive every trace of rheumatism from your body. I know this because I was crippled for years and many times was unable to work, and Allenru made a well, robust, healthy man of me.

I know because since I cured myself, hundreds have taken Allenru and speedily rid themselves of this torturing disease.

No matter how severe your case, I urge you to put your faith in the prescription that it took me years to perfect—a prescription that made a new man of me after doctors tried and failed.

Allenru is no laggard; it starts right in at once; it gets into the blood, searches out the poisonous uric acid deposit and in two days starts to drive the concentrated impurities that cause rheumatism, out of the body through the natural channels.

Through the columns of this newspaper, I authorize every druggist to guarantee one full pint bottle in every instance. McFall's Drug Store.

Make THE Backyard Pay

BY W. H. BEATTIE
Extension Horticulturist, United States Department of Agriculture.

ONE of the ways of preventing the human system from suffering from digestive monotony is to provide a diet of green leafy vegetables in the diet. Fresh green food not only serves as the broom for the stomach but supplies the human system with the mineral elements that are so essential to health.

Spinach, kale, mustard, dandelion, sour grass and other kinds of greens taste best in spring, because they are more tender and fresher at that time. Collards, kale, cabbage, brussels sprouts, kum, turnip tops and spinach are among the important fall, winter and early spring green foods for the south. Cabbage, kale and spinach are the important fall, winter and spring green foods for the middle section where the climate is moderate. Fall cabbage and spinach for late fall use, storage cabbage and turnips for winter use and spinach, kale and mustard for spring and early summer use are a good combination for the northern states. In addition plants such as basil, Swiss chard and New Zealand spinach thrive during warm weather.

By the use of coldframes, coverings of straw or pine boughs and other means of protection, spinach and kale may be carried through the winter rather far north.

Beds on which late fall, winter and early spring kale and spinach are grown should be raised three to six inches above the surrounding surface, so as to drain well. They are best located on a southern or eastern exposure to get the full benefit of the sun. A shelter of pine boughs or corn fodder along the north and west sides of the beds are a great protection against cold and wind. Plenty of fertilizer is essential where fall plantings are made for spring use.

Highly nitrogenous fertilizers should not be applied until after the cold weather or until active growth of the plants begins. The season for greens on the table can be prolonged by canning the surplus, growing, during the spring and summer. Mixtures of young, tender beet tops, Swiss chards, mustard and other greens may be made. In combining the mixture for canning only a small proportion of mustard or any pungent green material should be used.

BUSBEE'S NERVE STILL HOLDS OUT

(By The Associated Press)

RALEIGH, N. C., Mar. 28.—With a record of already having electrocuted forty men and with eighteen prisoners now in "death row," waiting to walk to the electric chair, Samuel J. Busbee, warden at the State Prison, tonight stated his "nerves are perfect" and his health is a good combination of the two.

Mr. Busbee said several of his friends in the state had sent him newspaper clippings in which it was stated his "health was breaking" as a result of the strain and added that he wished to correct these reports.

"It has been my duty to execute a number of prisoners since I was appointed warden," he continued. "While it is not a pleasant duty, it is one that must be fulfilled.

When a man is convicted of a capital offense and the law demands his life, it is my sworn duty to carry out the law.

"I do not feel I have ever taken the life of a man. The law takes the life."

"If my nerves or health have in any way been affected by my work, I do not know it," he said. "I know more about the condition of my health than I do. I should like to meet this person," he said.

The three executions postponed recently by Governor Clegg and Morris E. S. to the 29th, on account of the illness of Mrs. Busbee, the warden said.

Before an electrocution takes place, the warden inspects the electric chair, the motor and all wires and equipment used in sending the current through the condemned prisoner. When the time for the sentence to be carried out is reached, he accompanies the prisoner from the "death row" to the "death chamber." Four or five deputies strap the prisoner in the electric chair immediately. The warden superintends the work and then steps to the switch. In the hall way leading to the chamber, eight or ten hundred volts are shot through the prisoner for a period of sixty to eighty seconds. An examination is then made and if any sign of life is discovered another shock is given.

Mr. Busbee said he has become accustomed to his duties in the death cell and suffered no ill effects.

STAND OF U. S. IS MATTER OF TALK

(By The Associated Press)

LONDON, Mar. 28.—The question whether the United States intends to proceed with the modernization of her warships was raised in the House of Lords today coincidentally with the receipt of press dispatches from Washington quoting Chairman Madden of the House appropriations committee as declaring such modernization would be out of harmony with the Washington Naval treaty.

Sir Clement Kinloch-Cooke, conservative asked whether the admiralty's attention had been drawn to "the statement that what the United States government now proposes, irrespective of misstatements concerning the British plans, is that the American Navy should proceed, under the conditions of the Washington treaty, to modernize such of her warships as may be necessary to bring the range of the two fleets into complete parity."

B. N. Eyres-Monsell, parliamentary secretary of the admiralty, replied that his attention had been drawn to various statements, some in the sense indicated and some in contradiction of that. He had no information concerning the eventual intentions of the United States.

NET INCOME OF N. & W. RAILROAD HAS FALLEN OFF

(By The Associated Press)

BOALNOKE, Va., March 28.—The net income for the Norfolk and Western Railway for the month of February was \$732,181.26 according to the comptroller report made public today. This is a decrease of over a quarter of a million compared with the income for February 1922, which was \$1,108,947.40, and for February 1917 which was \$1,390,428.12. The proportion of operating expenses to operating revenues for the three years is, respectively, 82.12 per cent., 75.42 per cent., and 60.25 per cent.

Railway operating revenues for February amounted to \$5,595,852.27 and this total is itemized as follows: Freight \$5,647,242.46, passenger, mail and express \$833,925.82, other transportation \$37,122.94 and incidental and joint facility \$73,065.55.

Railway operating expenses amounted to \$5,417,035.34, which is made up as follows: Maintenance of way and structures \$1,820,252.50; maintenance of equipment \$1,780,017.37; traffic \$75,842.64; transportation rail line \$2,474,449.10; miscellaneous operations \$28,799.42; and general operations \$143,881.06.

The report for February was accompanied by a report of the first two months in 1923 which shows railways operating revenues as \$13,497,662.63; operating expenses as \$11,111,499,717.31 and the total income for the two months as \$2,386,145.32. The funded debt interest totaled \$759,134.12. The proportion of operating expenses to operating revenues for the period was 80.25 per cent. In 1922 it was 75.42 per cent. for this period and in 1917 it was 60.25 per cent.

3 NOTED WOMEN CANDIDATES FOR D. A. R. HEAD

WASHINGTON, March 28.—Interest in the annual congress of the Daughters of the American Revolution, to be held here April 16 to 21 is centering in the triennial election of officers with three-cornered contest on for the office of president-general.

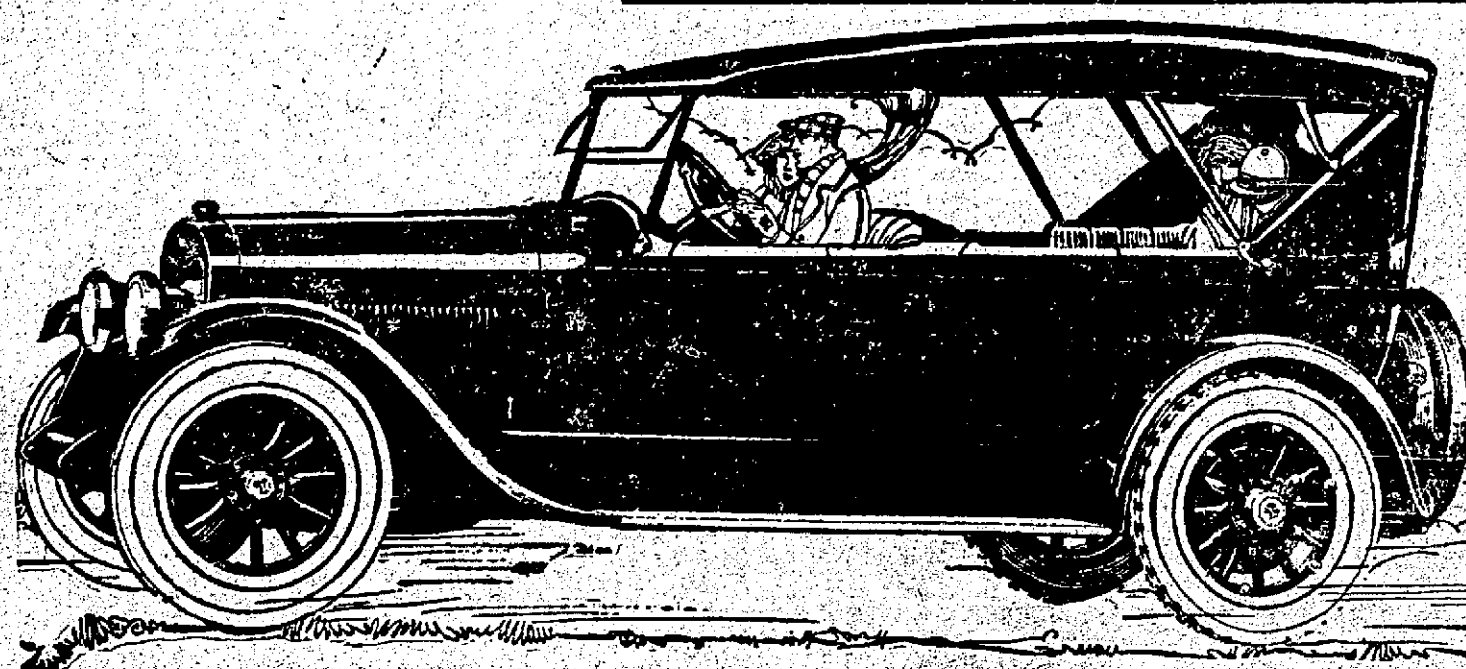

The candidates now in the field to succeed Mrs. George Maynard Minor, whose term expires this year by constitutional limitation, include three prominent members: Mrs. Anthony Wayne Cook, of Pennsylvania; Mrs. G. Wallace Hanger, of the District of Columbia and Mrs. William Cumming Story, of New York, honorary president-general of the D. A. R.

Tickets have been announced partially by the candidates, and there is every indication of an exciting contest when the 2,000 delegates assemble in Memorial Continental Hall. Officers will serve for three years with the exception of the vice presidents-general whose terms are only for two years.

The president-general of the D. A. R. have included notable American women. Mrs. Benjamin Harrison was the first, accepting the office while first lady of the land. Mrs. Adlai Stevenson and Mrs. Charles W. Fairbanks, wives of vice presidents of the United States, also have served in this office.

Two picturesque figures will be missing from the convention this year—Mrs. Mary S. Brockwood, known as the "Little Mother of the D. A. R." who died last fall, and Mrs. John A. Logan, widow of the Civil War general, whose death occurred last month.

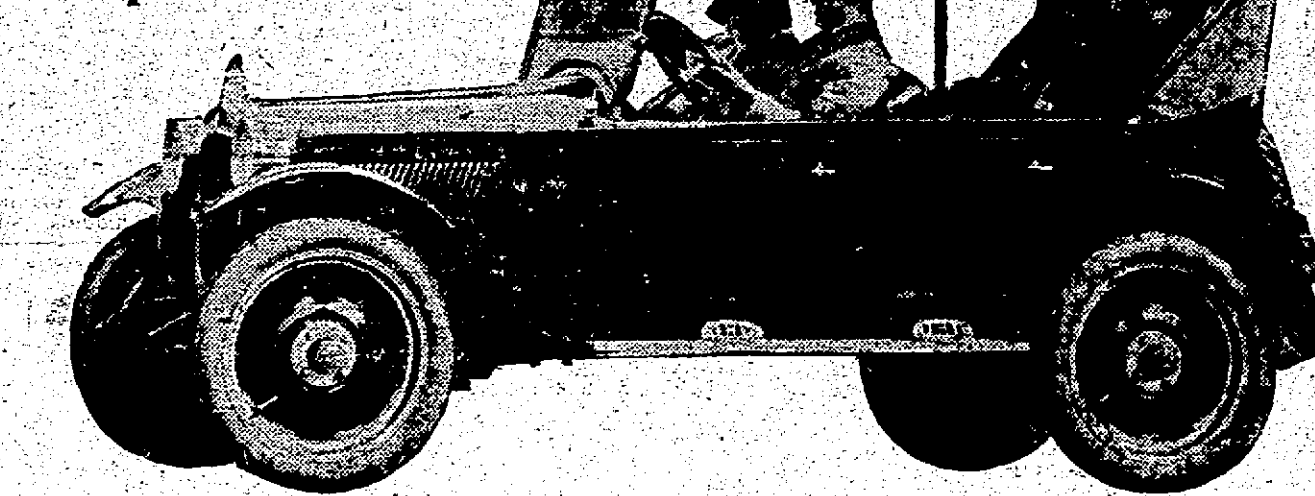

In a few days the Register-Bee's \$10,000 "Everybody Wins" Co-Operative Campaign will begin in earnest. Get your nomination in right away so your name will be included when the first names of the candidates appear. There is plenty of opportunity for everyone—there are prizes for all, headed by this luxurious \$4,145.00 Lincoln, 7-Passenger touring car. The winner of this fine prize will make his or her spare time worth over \$500.00 a week.

\$4,145 Lincoln 7-Passenger Touring Car PURCHASED FROM CROWELL AUTO CO.

With the first subscription you secure, you use the coupon on the right. This entitles you to 100,000 extra FREE votes in addition to the regular votes given according to the regular vote schedule. It's easy to get subscriptions and votes and your friends will be glad to subscribe to either the Register or Bee when you ask them. Remember, votes alone are required to land even the biggest prize—the \$4,145.00 Lincoln. Keep in mind, too, that "Everybody Wins."

This is a cumulative arrangement and a part of the regular schedule which will be continued throughout the campaign. SPECIAL NOTICE IS CALLED TO THE FACT THAT MORE VOTES ARE ALLOWED ON NEW SUBSCRIPTIONS.

Simple Services For Bernhardt

(By The Associated Press)
PARIS, March 28.—The body of Sarah Bernhardt tonight rested in the famous rosewood casket lined with white satin which was made at her order 30 years ago and in which she was frequently photographed while on her foreign tour.

Albino Loutill, cure of the church of St. Francois Des Sales, where the funeral service will be held tomorrow noon, said the last prayers over the great artist today. Then she was tenderly lifted from her bed and placed in the coffin, which was taken to the ground floor of the home where a room had been transformed into a chapel.

Bernhardt is still clad in her white satin dress. Over her face and hair a fine lace veil has been drawn. On her breast is pinned the cross of the Legion of Honor and around her neck a ribbon holding the gold locket containing the picture and lock of hair of her son, Maurice, which she always wore.

The casket was closed, except for the upper part, which was left open so that the face could be seen through the veil. The players over, the interrupted passage of mourners was resumed.

The casket will be taken to the church early tomorrow and after the services the funeral procession will go to the cemetery Piere Lachaise where the body will be placed in a simple but massive vault, without decoration and bearing only one word:

"Bernhardt."

The Paris city authorities had hoped to hold the services in some great church such as La Madeleine, but Bernhardt's wish was that it be as simple as possible and her preference was for the relatively small church which she attended while in Paris. There will be no orations at the funeral, in compliance with her wish, but her desire that her funeral "be as simple as possible" is certain to be gratified by the public.

MICHIGAN GRADUATE PRESIDES OVER JAPANESE LOWER HOUSE

TOKYO, March 28.—A graduate of the University of Michigan, Mr. Gizo Kasuya, now presides over the Lower House of the Diet, having been elected speaker in succession to Mr. S. Oku, who resigned on account of illness. Mr. Kasuya has had experience as deputy speaker. He was graduated from Keio university and took a course at Michigan, from whence he returned in 1912 to establish the Jiyu Shimbun. He is also managing director of the Moral Insurance Company. Mr. Genji Matsuda was elected vice-speaker.

FORTY DEGREES BELOW

(By The Associated Press)
FORT AUCHAR, Ont., Mar. 28.—The temperature dropped to 40 degrees below zero at Hornepayne, near here last night, train crews which passed through the region reported today.

SEVERE ECZEMA OVER BODY

Suffered Greatly. Itched and Burned. Cuticura Heals.

"I suffered greatly with a severe case of eczema which broke out in a rash over my body. It itched and burned so that I could not rest. My clothes aggravated the breaking out so badly that I could scarcely bear them. I could not bear my hands in water, and did not work any for almost four months."

"I heard of Cuticura Soap and Ointment and decided to try them, and after using three cakes of Soap, with the Ointment, I was healed."

(Signed) Mrs. Lora Harrington, R. 6, Union, Miss.

Use Cuticura for all toilet purposes.

Sample Each Free by Mail Address: "Cuticura Laboratories, Dept. B, Malden 43, Mass." Send seven-cent postage stamp for Cuticura Soap and Ointment.

Cuticura Soap shaves without lather.

Many in Europe to Be Old Maids

BY MILTON BRONNER
(Special to The Bee)

LONDON, March 28.—Nearly 20,000,000 girls and women in Europe today are doomed to die old maids.

They are sentenced to sex-starvation; no husband, no home, no motherhood.

It's a situation without precedent in history. It's the biggest human interest story in the world.

Yet governments close their eyes to it, statesmen and politicians ignore it, reporters and authors avoid it. It's too much in all its aspects—political, economic and moral—for them to grapple with.

There are 20,000,000 more females than males in Europe today because of the vagaries of the birthrate, the survival of more girl infants than boy babies, the decimation of men by war and the heavier toll of males taken by famine and pestilence.

These millions of so-called superfluous women are creating questions involving thousands of fundamental importance: the sanctity and preservation of the home, the social and political equality of women, work and wages, and the next generations' heritage of good or evil.

Not only are there no legitimate males for the superfluous women number 2,000,000. In Russia, 5,000,000.

Their 10,000,000 sisters are scattered throughout the other countries. Not only are there no legitimate males for the 20,000,000 superfluous women but eligible young men are deterred from marrying by lack of work, higher cost of necessities and threats of new wars.

The result is that a spirit of after-the-war recklessness pervades Europe. Men and women alike spend more of their wages, they are keener in pursuing pleasure, they are more defiant of the conventions and lax in their morals.

The male is supreme. At dances he has six girls to pick from, where formerly he had to compete for a partner. Everywhere you see many girls dancing together in couples, and many men with no girls.

A new type has developed: The paid male escort. In Paris, in Nice, even in Monte Carlo you'll see him. He is a well-to-do woman of middle age while charming girls are waitresses.

In every class of society girls will put up with almost any sort of a man

for the sake of having him to go out with.

To make themselves companionable girls smoke, drink, pet and risk other indulgences.

WIVES BORN OUT OF WEDLOCK

More children are being born out of wedlock than ever before. In England the increase has engaged Parliament's attention, but the latest official figures show England least badly off in this respect.

Out of every 10,000 babies born, the number of illegitimate was as follows:

England and Wales	435
Scotland	731
France	879
Italy	477
Belgium	641
Denmark	213
Norway	639
Sweden	1494
Denmark	1043

Throughout Europe is an increasing movement to assist unmarried mothers and to give children born out of wedlock rights they never had before.

Maud Royden, the great British woman preacher, says:

"The right to motherhood is a claim based on the belief that the creative impulse is more—or more consciously—present in the sexual nature of a woman than of a man; and that in consequence the satisfaction of that impulse is to a great extent and satisfaction of a need which makes the disproportionate number of women in any country a real tragedy."

To realize the cruelty of a civilization in which war and its accessories create an artificial excess of women over men and in consequence deprive many women of motherhood.

STEPS TAKEN BY NO ARD LUCKLESS CHILDREN

To attribute the increase in illegitimacy to this yearning for motherhood is at least the charitable viewpoint.

Legislation has been undertaken in several countries, including England, Norway, Sweden and Germany to require fathers to support children born out of wedlock and to make such children's rights more broad and secure.

But France and the Latin countries are doing nothing along this line though legitimate births decrease while illegitimacy increases.

The various countries are striving in divers ways to stimulate the birth-rate among the married. In France, for instance, 53 business associations

return from the south.

"If the policy adopted be one of transition of the government ships into private hands, it will be based entirely upon a consideration of definite service to be rendered in the national interest by private ownership only to the extent that the national interest is served in a definite way, and the board cannot respond to suggestions which would turn the present situation into private profits without very real return in service to the people as a whole."

Ruthenburg Was Cross-Examined at Trial Yesterday

(By The Associated Press)

ST. JOSEPH, Mich., March 28.—Charles E. Ruthenburg, co-defendant, with William Z. Foster, charged with advocating criminal syndicalism, and witness for Foster in his trial, admitted on the witness stand today, after first denying it, that he had written an article saying the workers must "adopt extra-parliamentary means" including "use of armed force to overthrow the government of the United States."

Ruthenburg's fourth day on the stand was marked by a severe examination by O. L. Smith, assistant Attorney General of Michigan, who attacked the witness' qualifications as an expert on communism.

"Tells us whether or not you have at any time in a written article advocated the overthrow of the government of the United States," the attorney asked.

"I have already explained—admitted," Ruthenburg began when Mr. Smith interrupted and demanded a "yes" or "no" answer.

"No," the witness said.

Mr. Smith produced a copy of the October 1921 Communist, secret organ of the Communist party during its underground existence and asked Ruthenburg if an article signed "Damon" was a copy of the Communist written by him. The witness acknowledged the authorship.

"Did you not state in this article," Mr. Smith asked, "that the workers must adopt 'extra-parliamentary means' of achieving their ends and that these methods include acceptance of the principle that the existing capitalist government would be overthrown through the mass-power of the workers and this includes the use of armed force?"

Ruthenburg began an explanatory statement, but the Attorney General interrupted.

"Did you write that statement?"

"Yes, but—"

"Yes, but," he'll let it go at that."

"Mr. Ruthenburg, if you could bring about a proletarian revolution in America tomorrow, would you do it?"

"I think that is a non-sensical question," Ruthenburg heatedly answered.

"It shows ignorance and historical and economical facts, and—," assuming that you had the physical and intellectual power to destroy capitalist government in America tomorrow," Mr. Smith interrupted, "would you or would you not do it?"

"I have already stated that a revolution cannot occur except by mass-action and not until the mass of the workers and farmers find they can gain relief from exploitation in no other way."

"You don't want to answer my question, do you? Is it not the theory of the writers we have referred to today, Lenin, Trotsky, Bukharin and Radek, that Communism is incompatible with religious belief?"

"It is not."

From the "A. R. C. of Communism," a book written by Bukharin, who is a member of the executive committee of the Moscow International, and E. Preobrazhensky, Mr. Smith produced a passage which read:

"In practice, no less than in theory, communism is incompatible with religious faith . . . a communist who rejects the commandments of religion and acts in accord with the directions of the party, ceases to be one of the faithful. One, the other day, one who while calling himself a Communist, continues to cling to his religious faith, one who in the name of religious commandments inflicts the precepts of the party, ceases thereby to be a communist."

"Are you in favor of the American Legion?" the prosecutor asked.

"No," Ruthenburg said.

Shipping Board Will Proceed To Evolve Policy

(By The Associated Press)

WASHINGTON, Mar. 28.—Despite the gloomy views expressed by Ship Owners and operators organizations as to the prospect of turning over the government fleet to private ownership, the shipping board will proceed with its effort to evolve a policy which will accomplish this object.

Officials of the board made this clear tonight on conclusion of their conference with a commission representing the United States Ship Owners' Association which had declared it was "unable to conceive of any scheme" which would facilitate the transfer.

A committee of American ship builders are to confer with members of the board tomorrow in order that the latter may receive the views of those interested in the actual construction of tonnage. Later representative bankers may be called to discuss the relation of the capital interest.

The operators' committee, like that of the ship owners which appeared before the board Monday, was emphatic in its opinion that no bidders could be found for government tonnage under present conditions, even though the board "expressed willingness to sell for less than the world market price for similar tonnage."

"Tending legislation which will put American shipping on an equality with foreign competitors, the association declared, 'is pending an economic adjustment of the world's commerce. It will be an impossibility to advantageously sell the board's tonnage.'"

The organization recommended immediate scrapping of all interior constructed or equipped ships and the sale, when possible, of the remainder exclusively to Americans. It expressed willingness to co-operate in reducing the cost of government operation. Commissioner Myer Lissner, chairman of the board's policy committee, in a statement tonight announced the board had a plan which, it was hoped, would enable it to offer "lines and ships to prospective purchasers on terms and conditions and on most routes will result in transferring of title to operating ships to private owners."

"It was anticipated," Mr. Lissner said, "that the managing agents would not be likely to give approval to a plan that contemplated the transfer of title to the ship with an obligation to continue the services for a term of years on the financial risk of the purchaser at the end of the line. It is almost too much to expect of human nature, especially in times of depression in a business for one to give up a proposition involving practically no financial responsibility for the success or failure of the venture, for one to incur that burden."

The operators' committee, Mr. Lissner said, was given to understand by the members of the shipping board that it was the desire and intention of the board to discontinue the present system, "the principal objection to which is perhaps that there is little stimulus under it for ambition to become a ship owner instead of a managing agent."

FRIENDSHIP BEGAN EIGHTEEN YEARS AGO

(By The Associated Press)

CHICAGO, March 28.—The friendship of Miss Delora Angell, heiress, and Lester Gates, a Communist, who were married in Pasadena, California, began at St. Charles, Ill., 11 years ago, when as children they were playmates.

Shortly after she announced her engagement to Mr. Gates as a simple party last November 2, Miss Angell stated she had "always liked Lester, ever since the days when he beat me swimming."

Miss Angell, who is heiress to the estate of John W. Gates, estimated at \$40,000,000, is 20 years old. She was only distantly related to Gates. Gates' son, Charles, and his favorite nephew, Henry Baker, were looked upon as his heirs, but the younger Gates and Baker died and the estate went to Mrs. Gates, who was Delora's aunt.

Mrs. Gates died in 1913 and except for the bequest to her brother, Edward J. Baker of St. Charles, she left the estate to Miss Angell, who was named Delora for her.

PRINCE RECIPROCATES.

(By The Associated Press)
INDIANAPOLIS, Ind., Mar. 28.—The Prince of Wales reciprocates the good wishes for peace and concord throughout the world, sent by Alvin

Wiseley, American Legion national commander, according to cablegram received today at the headquarters of the legion from Ambassador George Harvey.

"The Prince of Wales," said the message, "desires to thank you heartily for the cablegram on the occasion of his attending the American Legion ball in London and to assure that he heartily reciprocates your good wishes for peace and concord throughout the world."

MINISTER DROPS DEAD IN PULPIT; WAS HIS DESIRE

ALDERSON, W. Va., March 28.—Condemnation and grief reigned among the 200 persons completing the congregation Sunday night in the First Baptist Church at Martins Ferry, Ohio, opposite the city of Wheeling, W. Va., when the pastor, Rev. R. B. McDaniel, dropped dead in the pulpit as he was beginning the service.

Rev. McDaniel was a native of Virginia, but spent the most of his life in West Virginia. For a number of years he served as pastor in this town, and had a great influence towards the building of Alderson Baptist College. He often expressed his desire to die in the pulpit.

Rev. McDaniel was in latter middle age and appeared to be a very strong and healthy man.

Sloan's

For Rheumatism
—Quick relief!

The quickness, the sureness with which Sloan's brings relief has made it the standard remedy for rheumatic pain.

Apply Sloan's to that sore, stiff joint or aching muscle. The pain that has seemed so unbearable disappears with amazing rapidity. Sloan's breaks up the inflammation behind most rheumatic pain. It goes to the source of the trouble. It cures the congestion that causes the pain.

All druggists carry Sloan's.

Sloan's Liniment—kills pain!
For rheumatism, bruises, strains, chest colds.

COUGH

Try PISO'S

Antiseptically quick relief. A syrup—different from all others—pleasant to use. Upset stomach—no danger. 60c everywhere.

B.C.

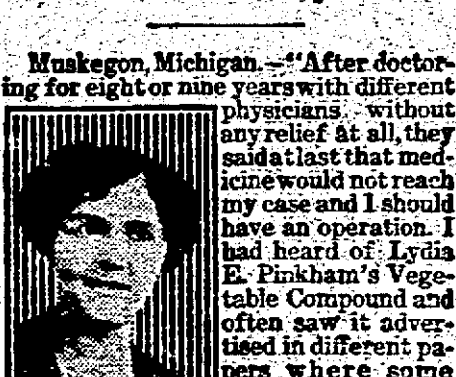

Best for HEADACHE and NEURALGIA

"B. C." is a scientific remedy compounded by registered chemists. It is absolutely harmless and fully dependable. Every dose is weighed and compounded just as a doctor's prescription. One dose will convince you—call for it by name.

B.C. Remedy Co. At Your Druggists

DOCTORS WANTED TO OPERATE

Mrs. Quillon Tells How Lydia E. Pinkham's Vegetable Compound Saved Her from an Operation

Muskegon, Michigan.—"After doctoring for eight or nine years with different physicians, without any relief at all, they said that medicine would not reach my case and I should have an operation. I had heard of Lydia E. Pinkham's Vegetable Compound and often saw it advertised in different papers where some women had suffered just as I did and got well and strong again by taking the Vegetable Compound. I decided to see what it would do for me, and before I had finished the fourth bottle I was much better, the weakness stopped, and the severe pains in my sides left me. I am now much stronger and do my own work and work in the factory besides. I am still taking the Vegetable Compound and give it all the praise." Mrs. LYDIA E. QUILLON, 17 Morris St., Muskegon, Mich.

Women should heed such warning symptoms as bearing-down pains and weakness, for they indicate some female trouble, and a persistent and faithful use of Lydia E. Pinkham's Vegetable Compound will seldom fail to help.

DR. KING'S New Discovery

Never let a cold get a hold!

Halt it Now—later!

A sneeze! A sniff! A dry, irritating feeling in the throat! Trouble's coming! Nip it now. Take Dr. King's New Discovery, the dependable family remedy, proved effective for over 50 years.

What relief—the troublesome flow of mucus ceases. The throat feels easier—the cough is allayed. You feel brighter and fresher.

Get Dr. King's New Discovery from your druggist and break up that cold now.

OLDEST CITY IN U. S. WILL CELEBRATE

ST. AUGUSTINE, Fla., March 28.—With a touch of historic sentiment, St. Augustine, the oldest city in the United States, will celebrate the discovery of Florida by Ponce de Leon on April 4, and the celebration to be presented this spring is the first since the World War and into it there is to be crowded all the gaily, beauty and charm of sixteenth century romance.

Plans for the Ponce de Leon celebration are unique and essentially a part of St. Augustine for the program is designed to portray famous historical happenings of which the city has been the center during the centuries gone.

It was near St. Augustine, historians declare, that Juan Ponce de Leon, seeking the fountain of eternal youth, stepped upon the shores of Florida on Easter Sunday, 1513. Flowers bloomed, birds sang and it was in truth a Pascua Florida, or Flowery Easter. The Ponce de Leon and his retinue, richly clad in the picturesque costumes of mediaeval days, will sail the blue waters of Matanzas Bay on their Spanish caravels, ancient high-pooped craft, such as brought the gallant cavalier to this alien shore.

Pedro de Aviles, explorer, soldier, and colonizer, a hardy and brave soldier, but cruel and relentless, founded the city of St. Augustine in 1565, and the second day of the celebration will be devoted to the commemoration of this event.

The third day will come the change of flags, and the difference banners which in turn have floated over the old grey ramparts of Fort Marion, formerly Fort San Marco, will be unfurled. The banner of Spain and the union jack of Great Britain will float side by side, detachments from the Spanish and English companies taking part in the pageants, raising the pennants only to lower them again. Then, commemorating the change of flags when Florida became a part of the United States, the Ponce de Leon and his retinue, richly clad in the picturesque costumes of mediaeval days, will sail the blue waters of Matanzas Bay on their Spanish caravels, ancient high-pooped craft, such as brought the gallant cavalier to this alien shore.

Mrs. Lawrence Lewis, heiress to the estate of the late Henry M. Flagler, will have charge of the closing event, a brilliant Spanish costume ball, at the Hotel Ponce de Leon. An attack on an Indian village by the Spaniards will be another interesting night event.

JOHN SMITH'S RULE APPLIES

ATHENS, Mar. 28.—When Captain John Smith, some 400 years ago, laid down the rule that the gentlemen settlers of America could not eat unless they worked, he set a pace which people of a much older civilization are following today in Greece as a result of the American Red Cross operations among the million or more refugees, whose plight nearly overwhelmed the country.

An application of the famous Smith rule is described in a report from the Salonika district to Col. B. P. Bicknell, director of foreign operations of the American Red Cross in Greece. In Salonika and environs there are 130,000 refugees, of whom 100,000 are being fed by American charity. The refugees in most cases are housed in huge barracks, and when the American Red Cross came to the aid, it was as badly needed as food or clothing.

Each camp or refugee area was put under a director, and failure to fulfill his regulations, the refugees were told, would bring sudden end to their food supply. Each group of 100 people were called on to supply one man each day for the sanitation force.

They rebelled at first, but when the measures were carefully explained, the refugees saw that the forced action was for their good, and resentment ceased at once.

The sanitary measures are but a part of the emergency relief program of the American Red Cross for which \$2,600,000 has been spent in the purchase of food, and for medical and hospital supplies.

MISSOURI FARM RICH IN GOLD AND SILVER

EXETER, Mo., March 28.—A number of leases in southeastern Missouri have been sold in the last few weeks as the result of the discovery of gold, silver, copper and zinc on the farm of G. S. Johnson, near here.

About a year ago, while drilling a well, a golden colored rock about ten feet thick, and said to have been rich in copper, was found by workmen. But this rock, it was stated, another of a greyish hue was found. Mineralogists examined it and found it to contain silver. Johnson pulverized the rock and from sixteen ounces of ore extracted about an ounce of metal.

Gold also has been found in the well, but, according to Johnson, in insufficient quantities to send it away to be smelted. It is planned, however, to construct a large blast furnace and smelter here.

Johnson has leased the property to a company, and a shaft has been lowered to a depth of 70 feet. Assays of the ore are being made by the Government Bureau of Mines.

BRUCE BOWE FUNERAL

RICHMOND, Va., March 27.—Delegations of real estate men from all sections of Virginia gathered here today to pay tribute to Bruce Bowe, vice president of the National Real Estate Association and former president of the state organization, who died early yesterday. The funeral was conducted this afternoon.

Girl and Cats in Ghost Mystery

BY MILTON BRONNER
(Special to The Bee.)

LONDON, March 28.—Ghost experts are at loggerheads. They can't agree about the Scrimshaw spook, weird and mysterious happenings in Joseph Scrimshaw's farmhouse in Cambridgeshire, paralleling the famous Nova Scotia case that stirred America a year ago, still remain a mystery.

Night after night, always after 12, these things happened.

Chairs toppled over. Tables moved. Crockery fell and broke. Pictures fell from their pegs. The 400-pound piano did a jazz from one side of the room to the other. Chests of drawers fell and rattled. The furniture, they held, had no right to be there. A cat that had not run for years suddenly tickled and tolled seven.

Spiritualists, experts in witchcraft and representatives of the London Psychological Research Society descended upon the farmhouse. They held seances, but all to no avail. They questioned Scrimshaw, his aged mother, and his 16-year-old daughter, Olive.

Still the mystery of the haunted farm remains unsolved. The uncanny tricks—top for a while and then back again—kept on right on.

Three different kinds of ghosts have been "seen" spiritualist investigators say.

A little old man with white hair carrying a brown jug.

A woman with bandages around her head.

A tall, dark young man, supposed to be a dead relative of Scrimshaw.

"Never had such a relative," said Scrimshaw. "I'm a churchman and I don't take stock in ghosts and seances."

The farmer takes the entire affair phlegmatically and refused to consider seriously a letter signed Sir Arthur Conan Doyle, famous novelist and lecturer on spiritualism, suggesting that the daughter, Olive, might be the unconscious agent of vaporous forces described as "mischievous children of the psychic world."

Olive, who owns seven cats, was heard by investigators to utter a sharp cry at the same moment that heavy rumbling was heard in another bedroom. But she declared she had slept soundly.

Neighbors are keeping clear of the haunted house. Sightseers from London call the weird pranks a hoax, and point to the statement of a woman spiritualist, who declared the ghost of her little man with the brown jug came to her through a window door, said "Boo!" and promptly vanished.

He cited as proof of returning confidence the fact that more than 900,000 gold crowns have been raised internally during the last five months. Not a fraction of that sum would have been subscribed had not the hopes of the people been raised by the work done at Geneva.

COURT ACTION IN ZEPLIAK CASE BEING CONDEMNED

(By The Associated Press)

WARSAW, March 28.—The condemnation to death of Archbishop Zepliak and Monsignor Butchkevitch in Moscow continued to be the sensation of the day. The various political parties and religious organizations in Poland are denouncing the action of the Soviet court.

Cardinal Kakowski today celebrated a special mass for the prelates. It was attended by thousands of persons. After the ceremony a huge procession proceeded to the cathedral. Premier Sikorski, who told the gathering that Poland was making every effort to save the archbishop and Monsignor Butchkevitch, and in this action was being supported by Pope Pius and the United States. He added that there was hope for the success of the protest.

WASHINGTON TO ACT

(By The Associated Press)

Decision to take action in regard to the executions planned by Soviet authorities was announced in the following formal statement:

"With reference to the report of the death sentences passed on Archbishop Zepliak and other Roman Catholic ecclesiastics in Russia, the Department of State has taken steps, through the American Ambassador in Berlin, to give expression to the humanitarian interest of the American people and their earnest hope that the lives of these ecclesiastics may be spared."

SOURCE OF RUMORS SOUGHT BY BOARD

(By The Associated Press)

WASHINGTON, March 28.—Efforts of the Federal Reserve Board and the government to discover the source of rumors concerning possible increases in rediscount rates by the Reserve Banks brought nothing tangible today.

There was not a single reply to the board's telegram, sent to move one hundred inquiries yesterday, asking where they learned of the contemplated action by the board or the governors' conference.

The telegrams of the board, had the effect, however, of putting a sudden stoppage to the flow of messages which were reaching the board, which sought information whether anything in the nature of or tending to an increase of discount rate would result from the conference of the governors.

Reserve Board officials reiterated today that none of the twelve banks had made application for permission to raise their rediscount rates. The board's approval must be had before such rate changes are made, and it was stated that the subject of rates had entered only casually into the governors' discussions.

The conference which began Monday attracted wide interest in financial circles because of reports of contemplated changes in the rediscount rates and shifts in policy either by the Reserve Board or by the banks themselves.

There was no indication tonight, however, that anything of the kind was being considered. The board's decision of importance would come out of the sessions which probably will conclude tomorrow.

Vice Governor Platt, acting head of the Reserve Board, is expected back at his desk tomorrow after a trip to Gold Beach, Mich., to the funeral of the late Milo D. Campbell, a board member. It was assumed that with his return the board would attend the closing session of the conference for further exchange of views. There was no information, however, warranting the belief that decision of important questions was pending.

TO PLANT OYSTERS

(By The Associated Press)

RALEIGH, N. C., March 28.—Three million bushels of young oysters will be planted in the bays and sounds of North Carolina and a number of fish hatcheries in the inland as well as on the coast will be established. It was decided at the meeting of the fisheries commission here today.

AUSTRIA IS ON SOUNDER BASE FINANCIALLY

LONDON, Mar. 28.—More has been accomplished to place Austria on a sound financial basis in the past few months than could have been done in 50 years without outside aid.

The League of Nations has accomplished this, and the result of its efforts have been called miraculous by the leading financial experts of Europe. The Austrian committee of the League reported recently to the general council made these statements:

Not only has the money of the country been stabilized, but it has been possible to arrange for the floating of an external loan, 93 per cent of which is covered by government guarantees and the remaining seven per cent to be provided by other nations.

London financial houses have expressed the opinion that the loan could be raised within a very short time, and virtually all of it in England.

It is an important fact that, in addition to facilitating the loan, the allied powers and certain of Austria's neighbors are entering into commercial agreements with her designed to end the "fatal isolation" which has been in force since the war.

The Austrian chancellor, Dr. Seipel, said recently that the attempt to restore his country's economic life would have been doomed to failure at the outset if undertaken by any organization other than the League of Nations.

UNKISSED MAN OF HARVARD IS NOT SUCH NOW

BY YEDMUND HART

BOSTON, March 28.—While Columbia University may boast of twenty-one unkissed students, Harvard is without an unkissed man on her rolls.

That is, of course, if George R. McLeod, who bore the distinction until yesterday—a doubtful distinction in his mind, plucked up his courage sufficiently last night to take a "fall" out of quids, how many.

Publicity and the stares of people to whom he was pointed out as "Harvard's unkissed man" caused McLeod's rebellion against his status. He sallied forth from the dormitory late yesterday with the party to his room mate: "When I come back Harvard won't have any such person as an unkissed man. As long as you fellows know I had never been kissed, it was all right, but since it has been broadcasted I've got to be known as the unkissed man of the college."

ST. PETERSBURG, Fla., March 28.—John C. Cannon, 53, collector of internal revenue of Chicago, died here tonight.

2 MEXICAN WAR VETS ARE ALIVE IN THIS STATE

BY GEORGE H. MANNING

WASHINGTON, D. C., March 28.—In this year 1923, seventy-five years after the close of the war between the United States and Mexico, there are two Virginia veterans of that war receiving pensions.

Both are over 90 years of age and fought in the 1st Virginia Infantry. They are:

Uriah Rose, 94, Thaxton, Virginia. Private, Captain, Epston's Company, 1st Virginia Infantry.

Charles D. Tibbets, aged 92 years. National Soldiers Home, Va. Private, Company B, 1st Virginia Infantry.

There are altogether 52 veterans of the Mexican War still on the Federal pension roll. All of them are over 90 years of age.

The oldest is Urban Chandler of San Francisco, who will be 100 years old on June 6, 1923.

The youngest is William Brown, of Camden, N. J., now 91. He enlisted as a drummer in the Marine Corps at the age of 8, according to the war records, and fought throughout the war.

INCREASE IN WAGES

(By The Associated Press)

LAWRENCE, Mass., March 28.—A 12 per cent advance in wages, effective April 30, was announced this afternoon by officials of the Pacific Mills. The advance will affect 8,000 workers in the worsted and cotton departments and the print works.

RUHR DEBATE LACKED PEP

(By The Associated Press)

LONDON, March 28.—The debate this evening in the House of Commons on the Ruhr question, which had been much anticipated as possibly indicating a new line of British policy, lacked much of its expected interest. This was due to the absence of Prime Minister Bonar Law, who is still suffering from mild throat affection, second Premier Poincaré, renewed declaration against any mediation and probably also to the possibility that something may develop from the current conferences in Allan between Premier Mussolini of Italy, Foreign Minister Jasper and Belgium and others arising from Hugo Stinnes' visit to Italy.

Even had the British ministers some idea of a new policy they would probably hold their hand pending the outcome of these conferences.

All these considerations taken together did not prevent Sir Laming Worthington-Evans, former Premier Asquith, J. Ramsay MacDonald and Sir Edward Glegg, who opened the debate tonight from strongly criticism the French policy and trying to provoke the government in taking a stronger line. Their efforts, however, were unsuccessful. Stanley Baldwin, chancellor of the exchequer, who replied for the government, took precisely the same line that the prime minister has taken on previous occasions.

STOPPED HIS "DON'T CARE" FEELING

Charley Fisher Says Munyon's Paw Paw Tonic Whetted His Appetite and Gave Him Strength

"I was having much difficulty with my stomach and whenever I would get up I would feel drowsy and really did not care for anything and so writes Charley Fisher, of Bunker Hill, Ill.

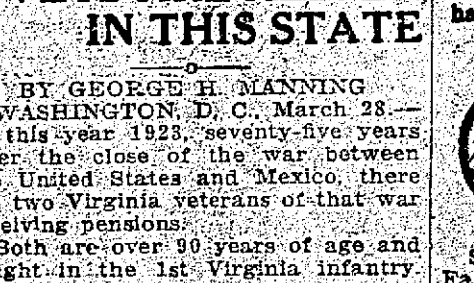

"I began taking Munyon's Paw Paw Tonic, and after the first dose I felt much better, and after about half the bottle was taken it seemed as if I could not get enough to eat, my appetite had improved to such an extent. I felt much stronger. I have altogether taken three bottles and my condition has been wonderfully improved."

"Our local druggist carries the tonic in stock, and I am able to procure it from him. I have been telling my friends about it and some of them are also taking the Tonic and find it as I told them. There is no better tonic for the blood, and the iron in it makes one strong."

If you are run-down or suffer from indigestion, headache, sleeplessness, stomach, liver, or blood troubles, you owe it to yourself to try Munyon's Paw Paw Tonic. It has put thousands back on their feet and has given them the happiness of health and strength again.

There's danger in further delay! Buy a \$1 bottle of Munyon's Paw Paw Tonic TODAY at any first-class drug store. Munyon's Tonic is a Home Remedy Co., Scranton, Pa.

Sold in Danville by Frank B. McFall and all other up-to-date druggists.

CHAMBERLAIN'S TABLETS

FOR CONSTIPATION

Amazingly Prompt and Dependable

Buy people who have no time for dose and exercise, and sedentary people who find them a hardship, keep fit and free from constipation, indigestion, biliousness, bad breath and painful gassy stomach troubles by using Chamberlain's Tablets for Stomach, Liver and Bowels.

Mrs. L. M. Young, New Hope, Ala., says they are the best thing she has ever used for constipation. They do not make her sick or feel weak after taking, and are so thorough in action, she never has to use cathartics for biliousness.

SWEDEN CONSIDERS BILL GIVING WOMEN STATE JOBS

STOCKHOLM, March 28.—The lat-

est step in the achievement of political equality between women and men in Sweden is the renewed submission of a bill to the Riksdag providing that women shall be admitted on an equal footing with men to all governmental posts, including the consular and diplomatic service, but excluding the army and navy and certain other positions, such as those of officials in prisons or in asylums for inebriates. It also provides that women may be ordained ministers of the church and may be installed as such in any congregation where there is at least one man serving as pastor. One member of the committee which drafted the bill held that only unmarried women should be allowed to preach, but no such provision was adopted. When this bill was submitted to last year's Riksdag it was passed in principle by the Second Chamber and was lost in the first Chamber by being only three votes short of the necessary majority. It is considered likely that it will pass at this session. Sweden was one of the first nations in the world to allow women in its national law-making body, and her feminists can now boast of four women in the Second Chamber and one woman in the First Chamber of the Riksdag.

King Tut Is Great On Styles, But They're Not Enough

KING TUT did this! Egyptian designs like those sketched are appearing in embroidery and beading on new frocks and suits. Printed silks are beginning to show scarabs, sphinxes and "the secret hid under Cheops' pyramid."

Front panels and wide belts with front buckles are the only definite garment lines borrowed from the Egyptians. Most of the borrowed ideas are for trimming. There's a little difficulty about adopting Egyptian styles entire—there doesn't seem to be enough of them.

A PUZZLE A DAY

Can you follow a course from circle 1 to circle 12, following the straight lines, and touching all 12 circles? Each circle can be touched but once.

Yesterday's answer:
A third of twelve divide.
By just one-fifth of seven;
Then you will soon decide
The answer is eleven.
A third of TWELVE (LVII) is LV, The Roman number for 55. A fifth of SEVEN is V, the Roman numeral 5. Divide 55 by 5, and the answer is eleven!

Large Seashore Resort Burned

(By The Associated Press)
HULL, Mass., Mar. 28.—Paragon Park, New England's largest seashore amusement center and thirty houses were destroyed tonight by a fire which swept Nantuxet Beach on the wings of a wind that reached a velocity of 50 miles. At midnight the flames were spreading against the wind and the Atlantic House, principal hotel of the resort was threatened. The loss was in the hundreds of thousands of dollars and, by some, was estimated at a million. The water supply obtained through a pumping station at Bingham was inadequate. Firemen stood idly by, unable to do anything to stop the flames. Dynamite was sent for in an attempt to stop them by blowing up buildings in their path. Houses on six streets were burned by burning at midnight.

Haunted by a northwest gale blowing 30 miles an hour, fire tonight was sweeping the Center Hill section of this town in which the Nantuxet Beach Amusement Parks are situated. At 3 o'clock, Paragon Park, a big amusement resort had been largely destroyed and the fire was sweeping over Center Hill, wiping out residences and spreading with great rapidity. At that hour 30 houses were reported burning. At 10 o'clock fire started by sparks had started in North Cottage, a mile away. Assistance was summoned from Boston and Brockton. At that hour, it was estimated that 50 houses were burning. Firemen said it was improbable that any buildings would be saved in Nantuxet Beach, Green Hill and Center Hill, all sections of the town of Hull. Residents were piling their furniture in the streets.

AN UNUSUAL TRIBUTE

(By The Associated Press)
WINCHESTER, Va., Mar. 28.—An unusual tribute was paid a faithful and loyal negro when funeral services were held in the Presbyterian church for Robert Davis, who was buried yesterday. Davis had served as sexton of the church for 55 years. The auditorium of the church was divided, one section being reserved for white people and the other for negroes. The church was filled with members of both races who heard the funeral sermon delivered by the Rev. William H. Woods.

VILLAGES DESTROYED

(By The Associated Press)
TOKIO, Mar. 28.—Two native villages on the island of Formosa were practically destroyed by fire today, according to dispatches received here. It was noted that 436 houses were buried and thousands of persons were homeless.

25,000 More

Mill Workers

Given a Raise

(By The Associated Press)

BOSTON, March 28.—To the wage increases already granted to upwards of 50,000 woolen mill operatives in New England there were added today advances of about 25,000 workers in cotton mills. These advances marked the first action by cotton manufacturing interests to meet the higher wage levels set by the woolen mills and came while the workers of Fall River, a cotton center factory there, 38,000 are involved in two separate sets of wage demands by rival unions.

In the past advances by cotton and woolen groups as large as those now on record for the revision upward by a general increase in the textile industry almost invariably have followed duress. Such action would effect approximately 260,000 persons at the present volume of operation, which in most cases is normal.

The big center of Lawrence with only a few exceptions among its mills was placed on the higher wage level through announcement by the Pacific Mills, makers of both cotton and woolen goods, of a 12.12 per cent. increase to its 8,000 employees. The American Woolen Company's several plants in Lawrence were the first to declare higher price lists and the Arlington Mills, the third principal operating factory there, joined the movement yesterday. New Hampshire was brought into line by the Amoskeag Manufacturing Company's announcement that its mills at Manchester, employing about 13,000 persons, would be placed on wage schedules 12.12 per cent. higher, April 30. The Amoskeag plant is among the largest devoted principally to cotton products in the world.

Several smaller mills, mostly makers of woolen goods, also notified employees that they were meeting the new standards but the cotton manufacturer of New Bedford and Rhode Island were understood to be awaiting the outcome of the negotiations in Fall River while those in Maine were considering their situation in the light of the advances in New Hampshire today.

FARM PRODUCE

FORT WORTH, March 28.—Texas farm acreage will show an increase of 15 per cent this year as a result of breaking of new land in western and southwestern counties. Damage from the related northern which swept this territory in snow has not yet amounted to half the fruit and truck crops.

AUTOMOBILES

CLEVELAND, March 28.—Although navigation has not formally opened on the Great Lakes, the steamer Lakeland is expected from Detroit shortly with a cargo of automobiles. This vessel braved the ice because of unusual demand for cars.

LARGE SUGAR CROP

(By The Associated Press)
HAVANA, March 28.—According to a tabulation of reports from a majority of the sugar mills in Cuba, this year's crop is estimated at 3,735,300 tons. Other estimates published recently placed the crop at from 100,000 tons lower than today's report to a minimum of 4,121,000 tons.
